These discussion questions were created by I'm Your Neighbor Books for the Welcoming Library. The Welcoming Library is a traveling collection of picture books set in our New Arrival and New American communities. From small towns to big cities, these immigration stories are helping readers (of all ages) Welcome and Belong. Consider bringing a Welcoming Library to your community.

Normally these questions would only be affixed to the inside cover of a Welcoming Library book. Because of Covid-19, we are offering these questions independently for your use. Please do not use them or share them outside the context of quarantine learning. Thank you!

**NIEVE EN LA JUNGLA/SNOW IN THE JUNGLE**
By Ariane Hofmann-Maniyar and translated by Yanitzia Canetti
(Child’s Play International)

Have you ever had to say goodbye to your friends? Were you sad like Nieve/Snow was?

Do you think Nieve/Snow’s journey was easy? Why or why not?

Look at the color of Nieve/Snow, her mother, and her friends. Do their colors match the land they live in? Does that mean they belong there? If the colors are different in the new land, does it mean that they do not belong there?

On Nieve/Snow’s first day at school, the kids are very curious about her. Why do you think Nieve/Snow gets upset and runs away? Does this remind you of anything that's happened to you?

In their first days in the jungle, everything was different for Nieve/Snow. Her mother’s hug, though, was sweetly the same. Is there someone or something that always makes you feel like you are home, no matter where you are?

What things did the other animals include in the party to make Nieve/Snow feel welcome? How can you welcome someone new?
